Prepping For A New Year

July 1 marks a new fiscal year for the Northside Neighborhood House. It's when we kick off a new year and prepare ourselves for new opportunities.

This summer our CommUNITY School Coordinators and leadership have been busy preparing for the 2024-2025 school year. From attending professional development sessions to training with leaders of the National Center for Community Schools, our team is focused on providing the best experience for the students, their families, and communities entrusted in our care.

While the Northside Neighborhood House's service area is specific to Northern Hamilton County, our impact extends well beyond our boundaries.

Our ability to work directly with others supporting Hamilton County Schools' Community Forward Schools movement enables NNH to impact students across Hamilton County.

We are grateful to work alongside our dedicated school staff in the schools we serve so our students thrive!

Warm Regards,

Rachel Gammon, CEO

Stability Spotlight

Helping our neighbors with long-term assistance is part of the work of the Northside Neighborhood House. One neighbor our Case Manager had been meeting with monthly since March recently shared her success. This neighbor had secured a new job that was going well, stating that with the help of an NNH Thrift voucher, she was able to find interview clothing that helped her land her new job. She is most appreciative of NNH's ongoing support.

The successes about which you read within our Stability Stories are because of our annual campaign, the Good Neighbor Fund.
